## Living Lab research concept in Rural Areas - “LIVERUR”

Dissemination BAB:

Latvian Farmer's Parliament meeting with the Fund C.I.M.I. in Latvia, 21. August 2019, the Ministry of Agriculture of Republic of Latvia: "Work safety issues and LIVERUR LIVING LABS concept".

We, Latvian Farmer's Parliament organized a meeting with the C.I.M.I. (Fund for Sickness and Accident for Agriculture and Floriculture Province of Mantua) from Italy. During the meeting, the two sides discussed collective bargaining, social and environmental protection and the welfare of farm workers in various European Community countries, taking into account developments and the progress of local production. Both sides agreed to organize a trip to the Baltic States, including Latvia, next year to visit agricultural companies!

**Experience and lessons learnt:**

- Important to accumulate different countries cooperation experience.
- All aspects important to be presented and discussed in the Living Lab context.
- How to discuss and speak different questions among employers and employees' organizations, trade unions.
- Work safety and insurance topics presented.
- Local products and protected signs, how to promote entrepreneurship in rural areas.
